main variety 0

vintage NV

analysis alc: 44.0

type Fortified

producer Kaapzicht Wine Estate

winemaker Danie Steytler

wine of Stellenbosch

tasting notes

The skins and pips give the "Grappa" its nutty character in the spirit, the fruitiness comes from the skins.

about the harvest

The grape varieties that were used to make this brandy is a clandestine recipe, but it is a blend of white grapes that were grown and harvested at full ripeness on Kaapzicht Wine Estate. The raisin quality comes from the ripeness at which the grapes are harvested.
